# Personal protection kits

Ready to use kits for your workforce

## Basic personal sanitising kit

Ideal kit to give to every person in the workplace, so they can keep themselves safe and their immediate environment cleansed.

- › 1 x 100ml personal hand sanitiser gel (see page 4)
- › 1 x pack of antibacterial cleansing wipes, 72/pack

Only £6.99 per kit

CODE	DESCRIPTION	PACK SIZE	NET PRICE PER PACK (£)
PSK1	Basic personal sanitising kit	12 kits	83.88

## Antibacterial cleansing wipes

Heavy-duty, these are made from low-lint, micro-fibre fabric and are able to trap dirt and kill germs. The unique fast acting and effective formula leaves every surface safe and grime-free.

- › Big pack of 72 wipes (150 x 180mm)
- › Dual action cleaner and sanitiser
- › Super-soft, strong, grippy and absorbent, collects dirt like microfibre
- › Harmless and hand-safe, alcohol-free
- › Unscented, low foaming, suitable for all surfaces
- › Sanitising efficacy EN1276 and EN1650
- › Kills bacteria and viruses
- › Resealable pack, flip top lid dispenses one wipe at a time (recyclable packaging)

Only £4.25 each

# PPE

Personal Protective Equipment

Personal Protective Equipment currently forms an essential aspect of your workforce returning to work and is likely to continue for some time.

Protective masks and disposable gloves help to protect employees from contamination both in the workspace environment and travelling to and from work.

## Disposable nitrile gloves

Soft, durable and latex-free, nitrile gloves are ideal for people with potential latex reactions. Our gloves are made from high-quality nitrile polymer, providing optimum protection and comfort.

- › Non-powdered
- › Blue colour
- › Certificates EN 455-1:2000, EN 455-2:2015

CODE	DESCRIPTION	PACK SIZE	NET PRICE PER PACK (£)
DNG-SML100/10	Small nitrile gloves	1 pack (100 gloves)	17.50
DNG-MED100/10	Medium nitrile gloves	1 pack (100 gloves)	17.50
DNG-LGE100/10	Large nitrile gloves	1 pack (100 gloves)	17.50
DNG-XLG100/10	X-Large nitrile gloves	1 pack (100 gloves)	17.50

## Protective Type IIR face masks

Our surgical Type IIR face masks are used to contain infected droplets and also contribute to protecting the user from airborne droplets and splashes. Masks are pleat style with ear loops.

The Type IIR mask is a 3-ply mask for use in medical and non-medical environments. This mask is for single use purposes only and is disposable. The mask is non-fitted and provides splash resistance, and contributes towards protection against harmful particles and droplets from entering the nose and mouth.

- › Blue colour
- › Size: 178mm x 95mm (pleated) +/- 5mm.
- › 3-ply, non-woven polypropylene material – 100% latex & glass fibre free
- › Integral nose plastic coated strip with anti-fogging nose piece
- › Elasticated ear loops
- › Lightweight & comfortable
- › CE Marked, EN 14683:2019, ISO 13485:2016

CODE	DESCRIPTION	PACK SIZE	NET PRICE PER PACK (£)
SFM-IIR/50	Surgical 3 ply Type IIR face masks	50/pack	49.50

# Hand cleansing

Alcohol gel

**Clean, care and protect your hands with our sanitising hand gel, with effective alcohol formulation. Alcohol destroys disease-causing agents and pathogens by breaking apart proteins, splitting cells into pieces and disarranging the cell's metabolism.**

The NHS, Public Health England and World Health Organisation advise that hand sanitiser needs at least 60% alcohol content to be effective. Our hand sanitiser gels are all 66% alcohol formulation or above.

All alcohol based hand gel is flammable. Please take precautions.

150ml / 500ml hand sanitiser gel  
80% alcohol

- › NHS approved & WHO recommended 80% alcohol formulation
- › No-rinse, hygienic
- › Suitable for frequent use

From only £4.99 each

CODE	DESCRIPTION	PACK SIZE	NET PRICE PER PACK (£)
HSGCC-100/6	100ml hand sanitiser gel (66% alcohol), with flip-top cap	6/pack	11.94

# Hands-free dispensers

Pedal activated sanitiser dispensers

**Vandal-proof design adapts to any bottles with a 60mm pump dispenser top**  
 Max. diameter 110mm  
 Max. height: 300mm

Stainless steel

Can be used indoors or outdoors

100% mechanical  
 No mains power or batteries required

**This unique dispenser design allows application of hand sanitiser without the risk of cross contamination through direct contact with hands.**

The sturdy pillar is completely freestanding and can be easily installed anywhere - either indoors or outdoors beside a building entrance.

The robust base has been designed to be secured to the ground if required to avoid vandalism, plus the smart dispenser design makes refilling easy but keeps the sanitiser from being tampered with.

**No direct contact with hands**  
 Pedal operation avoids hands becoming contaminated

Freestanding - no installation required

Can be secured to the ground if required
